Support

Do you believe in the work of Special Olympics but you're not interested in being a coach or don't have the spare time to come volunteer? That's OK! You can still make a difference in the life of an athlete and the Special Olympics movement by providing you support through individual or corporate financial support or in-kind donations.

Special Olympics Florida does not charge its athletes nor their families a fee for participation. And we are funded through individuals, businesses and civic groups throughout Florida. Also, the money you donate stays in the state - your generosity will benefit athletes right here in Florida!

Special Olympics Florida's mission is to improve the lives of Florida's citizens with intellectual disabilities by providing year-round sports training and competition; however, the movement has reached less than five percent of the people with developmental disabilities here in Florida who could benefit from participation. This is where you can help.

Through you or your company or civic group's support, we can pursue our mission of making the joys and benefits of Special Olympics a reality to more an more athletes each year.

There are a number of ways that you can help make this happen - just find the one that's right for you!

Make An Online Donation To Special Olympics Florida Now!

Your generosity enables people with intellectual disabilities to experience the power of sports every day. In doing so, you are helping change society's perceptions and treatment of people with intellectual disabilities -- and creating a better world for us all. But for every Special Olympics athlete, there are many more that we haven't reached yet. Donate and help us give the power of sport to one more person.

- Single Donation (including memorial and tribute gifts)
- Monthly Giving

Secure credit card donations can be made via any browser supporting the 'https' security protocol such as Microsoft Internet Explorer, Mozilla Firefox, AOL's version 3.0 and higher, Spyglass, and others. If your browser doesn't support https, you will get an error message when trying to access the donation form.
